One night I had a dream. I dreamed I was walking along the beach with the Lord. Across the sky flashed scenes from my life. From each scene, I noticed two sets of footprints in the sand; one belonged to me, and the other to the Lord. When the last scene of my life flashed before me, I looked back at the footprints in the sand. I noticed that many times along the path of my life there was only one set of footprints. I also noticed that it happened at the very lowest and saddest times in my life. This really bothered me and I questioned the Lord about it. "Lord you said that once I decided to follow you, you'd walk with me the rest of the way. But I have noticed that during the most troublesome times in my life, there is only one set of footprints. I don't understand why you left my side when I needed you most." The Lord replied, "My precious child, I love you and I would never leave you. During your times of trial and suffering, when you see only one set of footprints, it was then that I carried you."
